The figure is a map of the northern Adriatic region. It shows the coastline of Italy to the north and east, and the Strait of Gibraltar to the south. Sampling stations are marked with numbers 1 through 20. Station 1 is located near the Italian coast, and station 20 is located further south. A scale bar at the bottom indicates distances up to 100 km. An inset map in the bottom right corner shows the location of the study area within the Mediterranean Sea.
